Standard dbl picket stops at the middle rail

Post & Pool Guidelines Reference Guide

Fence height	36"	48"	54"	60"	72"	84"	96"
Recommended Post Length	58"	64"	88"	88"	102"	112"	126"

Important pool safety guidelines (please refer to your local pool code regulations)

- Pool barrier should be at least 48" above grade.
- The distance between the top of the horizontal members must be 45" or greater to pass ladder law regulations.
- The spacing between the vertical members should not exceed 4".
- The maximum clearance at the bottom of the barrier should not exceed 2" above the grade.
- Gates should open out from the pool.
- Gates should be self-closing and self-latching.
- The release mechanism of the gate should be at least 54" from the bottom of the gate.
